

JUGAAD LEADERSHIP PROGRAM

JLP being Recognized for its Innovation

Jugaad Leadership Program is proud to announce that it has been recognized as a winner of this year's Innovation Award by Greater St. Cloud Development Corporation(GSDC).

Jugaad's **Place, Connect, Train** method captured the attention of the GSDC selection committee. Along with JLP, two other for-profit businesses and one non-profit organization were also recognized in this event.

JLP advisor and co-founder, Eunice Adjei, accepted the award at Kelly Inn, St. Cloud. Eunice Adjei was joined by other JLP Board Members namely, Ryan Daniel, Emmanuel. Oppong, Dr. Sangeeta Jha, Jonathan Wong, and a few graduates to celebrate the honor.

Eunice Adjei thanked the community for their continuous trust and support. She expressed hope in furthering the program's growth so that it can benefit the community and its emerging leaders in the future.

This is the third award received by JLP in the year 2017. JLP has also been recognized by ISD 742 with the Partner in Education Award and The City of St. Cloud with the Rock-On Award.

2017 JLP Graduation

Jugaad Leadership Program celebrated its second cohort graduation at River's Edge Center. The event was hosted in September after the emerging leaders went through an intensive 7-month training program.

This year's graduation attracted many local officials, community members, sponsors, and alumni, who joined JLP in its celebrations.

The City of St. Cloud Mayor, Dave Kleis, welcomed the crowd. JLP was also honored to have St. Cloud native and current Ramsey County Assistant Prosecutor, Hao Nguyen, as the keynote speaker.

In 2017, JLP again welcomed 10 emerging leaders as graduates of the program.

Annual Mayor's Resident BBQ

The City of St. Cloud Mayor, Dave Kleis, hosted a meet and greet for the Jugaad Leadership Program, its emerging leaders, and their family and friends during the month of August. This was the second time Mayor Dave Kleis hosted an event for the group.

JLP is honored to have the Mayor of St. Cloud's support and admires his dedication to the city. JLP looks forward to many more BBQs to come at his residence!

Message from JLP Chair - Eunice Adjei

We have Emerging Leaders who now serve on boards, for example, the Police Citizenship review board of the City of St. Cloud, Create COMMUNITY's Awareness Building, Rivers Edge board, and Women's Fund board.

Our emerging leaders represent over seven countries. Bringing this diverse group of people together has fostered ongoing relationships and community engagements. We have created a positive and safe environment for the emerging leaders to interact with our presenters, who are established leaders in the community themselves.
